APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Point of Diversion of the waters of an underground source as heretofore granted under Permit 28563 is issued subject to the terms and conditions imposed in said Permit 28563 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.789 cubic feet per second, but not to exceed the annual duty as decreed under the Walker River Decree.

Actual construction work shall begin on or before N/A

Proof of commencement of work shall be filed before N/A

Work must be prosecuted with reasonable diligence and be completed on or before February 4, 1984

Proof of completion of work shall be filed before March 4, 1984

Application of water to beneficial use shall be made on or before February 4, 1987

Proof of the application of water to beneficial use shall be filed on or before March 4, 1987

Map in support of proof of beneficial use shall be filed on or before _____

Commencement of work filed JAN 25 1984

Completion of work filed _____

Proof of beneficial use filed _____

Cultural map filed _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Point of Diversion of the waters of West Walker River as heretofore granted under Permit 28563, is issued subject to the terms and conditions imposed in said Permit 28563, and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.789 cubic feet per second, not to exceed the annual duty as decreed under the Walker River Decree.

Work must be prosecuted with reasonable diligence and be completed on or before February 4, 1984

Proof of completion of work shall be filed before March 4, 1984

Application of water to beneficial use shall be made on or before February 4, 1987

Proof of the application of water to beneficial use shall be filed on or before March 4, 1987

Map in support of proof of beneficial use shall be filed on or before

Completion of work filed JAN 25 1984

Proof of beneficial use filed FEB 17 1984

Cultural map filed

Certificate No. 10940 Issued APR 30 1984
